'North Bay's Family of Rotary', comprising of the North Bay and North Bay-Nipissing clubs and the Rotaract Club of North Bay-Nipissing, are working with the City of North Bay on this exciting project. Our goal is to be up and running by Canada Day 2019.

Our desire is to create a legacy for the community and to provide a catalyst for development initiatives in the Downtown-Waterfront area. This Splash Pad for "Kids from 2 to 102" will be fully accessible to all!

Splash Pads offer many benefits. Healthy active living, socialization of children, inter-generational participation, affordable recreation, and the creation of a local destination for tourists, residents and visitors, to name a few.

Some highlights of the proposed Splash pad:

- approximately 6,000 sq. ft. in size located behind the North Bay Museum;
- 3 zones: toddlers, family area, and older children or youth;
- landscaping and shelter structures for individuals and families to monitor play and give children a respite from the sun;
- informal estimated total cost = \$650,000 excluding taxes, which includes site preparation and funding towards washrooms/changeroom facilities.

## FUNDRAISING

'North Bay's Family of Rotary' has already committed \$250,000 towards the project. We will be seeking matching dollars (or better) from the provincial and federal levels of government; and looking into accessing dollars from non-government organizations and funders.
